

AGGIES ON THEIR WAY TO DEFEAT OWLS!

BRYAN ROTARY CLUB FOR SCHOOLS AND FARMING

Weekly Luncheon Discusses Agriculture and Education; President Lawrence in the Chair and Prof. Allen Leader of the Program; Mayor Haswell and Webb Howell Invite Rotarians to Meet With Chamber of Commerce.

The Bryan Rotary luncheon program on Wednesday at 12:30 o'clock was led by Prof. K. G. Allen, of Allen Academy, who opened the program with appropriate remarks, the subject being "Rotary." Prof. Allen called on the following Rotarians to respond: F. L. Henderson, T. K. Lawrence, G. Sam Parker, Jno. A. Moore, Jr., Travis B. Bryan, Rev. J. Moylan Bird, R. W. Howell, W. S. Barron, E. E. McAdams, Oak McKenzie, D. E. Moore, E. J. Fountain, Watson Bradley, Coach D. X. Bible, Major Ike Ashburn, J. Webb Howell, E. B. Laroche, and Tyler Haswell, who gave the tenets and principles of Rotary.

Prof. Allen called on President T. K. Lawrence to read a splendid article from the Rotarian. Also E. L. Henderson, Oak McKenzie, Travis B. Bryan, Jno. A. Moore and J. Webb Howell on special subjects. Prof. Allen called on Mr. Moore to speak on the educational problems of Brazos county. City Manager E. E. McAdams on the outlook in Bryan for improvements. Mr. Barron on the farm loan situation. Mr. Bryan on Rotarianism and Mr. Bryan read the following poem entitled, "The Things That Count," by Orrin A. DeMoss:

"When you think of a man you seldom think
Of the knowledge he has of books,
You seldom think of the clothes he wears,
His habits, or faults or looks,
You seldom think of the car he drives,
Nor the bonds his gold has bought;
When you think of a man you mostly think
Of some kindness he has wrought.
You judge him not by his blocks of stocks,
Nor his power of name or pen;
You judge a man by the place he's made
In the hearts of his fellow men.
You judge him more by the fight he's made,
By the way he has faced the strife,
And not the amount of the bank account
He's managed to get in life.
You think of the friend he's been to man,
The good that he has done,
And you judge the sort of a man he is
By the friends that he has won."

At the conclusion of the talks by the selected speakers Prof. Allen introduced J. Webb Howell who spoke for better agriculture in Brazos county, and Mr. Howell gave expression to some very pertinent thoughts bearing on the problems that confront us in the present crisis. Along the same lines Oak McKenzie, F. L. Henderson, John A. Moore and others spoke briefly. After which Rev. Bird closed the luncheon with a song, "Till We Meet Again." Prof. Allen made a brief speech extolling the victories and policies of Rotary and made some applications of the wonderful theories which should be carried out by all Rotary clubs.

President T. K. Lawrence called a meeting of the executive committee to transact the business of the club and the following were present: President T. K. Lawrence, Secretary Oak McKenzie, Treasurer R. W. Howell, Sergeant-at-Arms G. Sam Parker and Mayor Ike Ashburn. Upon suggestion of President Lawrence a motion was carried to have an open meeting for the ladies on Tuesday evening, November 16. President Lawrence made the announcements for the coming luncheon.

Present at the luncheon were: T. K. Lawrence, Oak McKenzie, G. Sam Parker, E. E. McAdams, F. L. Henderson, E. J. Fountain, D. E. Moore, Travis B. Bryan, Prof. R. O. Allen, M. L. Parker, R. W. Howell, Jno. M. Lawrence, Rev. J. Moylan Bird, W. S. Barron, Wilson Bradley, Mayor Tyler Haswell, J. T. S. Park, Coach D. X. Bible, E. B. Laroche and Lee J. Rountree.

INDIANA MASKERS WRECK NEWSPAPER

(By Associated Press.)
East Chicago, Ind., Nov. 10.—Four masked men broke into the Twin City Sentinel newspaper office Wednesday morning early, overpowered Night-watchman Albert Rhodes and wrecked the printing press, linotype and other equipment. Damages estimated at between \$10,000 and \$20,000. The Sentinel, a recently organized publication, supported John E. Reppa, republican candidate for mayor, who was defeated. Feeling over the election was declared to have been running high, but no sign of disorder prevailed until the wrecking of the newspaper plant. Indications were that sledge hammers or other blunt instruments had been used in an effort to destroy the equipment.

MANAGER SULLIVAN'S FOOTBALL STATEMENT.

In view of the dissatisfaction among some of the Bryan people concerning the distribution of tickets for the Thanksgiving game the following statement of facts is made: "The seating capacity of Kyle Field is 14,000. The University of Texas control one-half of these tickets, the division being the fifty yard line. This leaves 7,000 tickets for A. & M. College. Three thousand of these are at the end of the field, which leaves 4,000 on the sides of the field. Of this number the students, faculty and Bryan coupon bookholders require 2,000, which leaves only 2,000 for distribution to the alumni and general public on the sides of the field, therefore it can be readily seen by any fair-minded person how impossible it is to satisfy all who apply for fifty-yard line seats. Bryan alone has applied for more than 2,000 seats to say nothing of the alumni and students who will have their mothers and fathers here as their guests on that day. At Austin last year the citizens of that city cheerfully occupied seats on the end of the field in order that the visitors and relatives of the students of the University might secure the most desirable seats." This statement is not made with a view of an apology for the manner in which the tickets were distributed, but to acquaint the open-minded friends of the College with the facts in the case. (Signed) JAMES SULLIVAN, Business Manager of Athletics.

The Eagle calls special attention to the statement of Manager James Sullivan of A. & M. College Athletics, which is given the prominence it deserves at this time. The Thanksgiving football game between A. & M. and State University is a state event as both institutions belong to Texas. Out of the taxes of the people of Texas these schools are supported and every citizen of Bryan, Austin and all Texas are alike interested in the success of the great athletic event of the year.

GOLDEN ANNIVERSARY CELEBRATION FOR REV. AND MRS. J. M. BULLOCK

The Steep Hollow community invites the friends of Rev. and Mrs. J. M. Bullock to participate in the celebration of the golden anniversary of this beloved couple to be held at Steep Hollow, Sunday, November 20, 1921. The day will also be made an occasion for a reunion of all the old Steep Hollow people and the old friends of Rev. and Mrs. Bullock.

Rev. and Mrs. Bullock were married fifty years ago at the home of Uncle Charles Peters in the Steep Hollow community. Brother Bullock has spent the greater part of his life pastoring the Saint's Rest Baptist church at Steep Hollow. The faithful services he has given to the people of Brazos and adjacent counties has endeared him to all. Without a question he has joined more people in this county in the bonds of wedlock and has stood by the open grave and spoken comforting words to the bereaved upon more occasions than any other minister of the gospel in this section of the state. His many sermons, numbering into the thousands, have wrought untold good for the cause of Christ, yet it is doubtful if all of his sermons have wrought as much as the example he has set in the upright life he has lived. His faithful wife has been everything a helpmate should be. She has labored faithfully by his side in both trials and triumphs finding reward, not in the success they were attaining, but in the fact that he was rearing a christian family and helping her husband to help others. Mrs. Bullock has been associated with ministerial work all of her life. Her father, Uncle Elias Adams, was a minister of the gospel in this county and she married Rev. Bullock before he entered the ministry.

The friends of Rev. and Mrs. Bullock feel that they want to contribute something toward the enjoyment of their golden anniversary. Since these friends are so numerous, it was thought best to hold celebration at the Steep Hollow church in the community where they began their married life and in the church he has served so faithfully. The entire day will be given over to appropriate exercises honoring this beloved couple and dinner will be served on the grounds.

General Manager S. W. Adams of the Navasota Chamber of Commerce was in Bryan Wednesday to consult with Secretary S. E. Eberstadt of the Bryan Building and Loan Association, regarding the best method to proceed to organize an association in Navasota. The Bryan plan is in great demand throughout Texas as the best means of building homes.

Mr. and Mrs. H. R. Brayton and Mrs. W. H. Cole will motor to Houston to see Friday's football game between the Aggies and Owls. They will remain over Sunday visiting their brother.

Mrs. John A. Moore returned this afternoon from Dallas, where she has been for a visit to her brother, G. H. Parks and family.

Texas will be represented at College Station on that day. Hence it is "All Texas Day." Manager Sullivan realizes the situation and the Eagle feels sure he will meet the issues involved. The seating of the thousands who will be here must be arranged on a systematic basis and Manager Sullivan has proceeded on this basis and deserves the full support of every citizen in the great event. The best will be done possible and with a great cheer let us all meet the people of all Texas here on Thanksgiving Day.

Houston, Tex., Nov. 10.—Coaches Yerges and Hilty are not allowing members of the football team to rest this week at Rice Institute. Their eyes are alert in detecting faults in the Owl men and making them correct their mistakes in order that the men may go out on the field as a perfect fighting machine in the game Friday with Texas A. & M. It is the policy of the coaches to instill a spirit into the Rice football men which will cause their confidence to be increased. Yerges has been making many shifts of the men from one position to another. Kennedy will play at right half back, Chambers at quarter back. Boetcher at left half, while McKean, who has recently won for himself a place on the Owl back field, will carry the ball at full back. The coaches have had the men in secret practice this week while perfecting plays to be used against the Farmers on Armistice Day.

A. & M. is confident that her team will have no trouble in defeating the Owls. The Owls have a different opinion of the subject, but nevertheless the Rice gridders will have their hands full. The whole A. & M. cadet corps will make the trip to Houston on the special train that has been chartered to leave Bryan Friday morning. The Texas Aggie Squad also will come to Houston that morning on the same train. It is stated they will be accompanied by Dr. W. B. Bizzell, Coach D. X. Bible, Business Manager James Sullivan, Major Ike S. Ashburn and a host of others from College.

RICE FRESHMEN GAME.
On Saturday, November 12, the Rice Freshmen will meet the Terrill School eleven of Dallas on Rice Field at 3 o'clock. A good game is promised, as both teams have been undefeated this season on the gridiron. Wonderful open field running is expected to be seen by both sides and interest over the coming Freshmen-Terrill is rapidly rising.

The Terrill gridders will come to Houston Friday morning so that they will be able to see the Rice-A. & M. game and have a light workout. The team this year is coached by Pete Cawthorn, Rice Freshmen coach of last year, and basket ball coach for Rice varsity. Cawthorn has produced a wonderful team this year, and it is declared to be the championship junior team of North Texas.

The Terrill squad is made up of a number of Dallas, Beaumont and Port Arthur boys. For quarter back it has Alred of Beaumont, who is the star of the back field. He showed great skill in running the Beaumont team last year when it played Houston Heights. As a whole the Terrill team is a fast aggregation and will give the Freshmen a good fight.

GIRL ROOTERS ORGANIZE.
Much pep is being displayed by the girls of Rice Institute in order to show their cheering ability in the Rice game with the Farmers. They are meeting every day in the physics amphitheater, and under the direction of a yell leader are preparing for an organized system of yelling to be displayed at the A. & M. game Friday. This is something new at the Institute.
Two Rice dances are scheduled this week. The main one is to be at the ballroom of the Rice Hotel on the evening of the Owl-Farmer game. The other one is to be staged at College Inn, across the Boulevard from the Institute Thursday evening.

Holland to take up the work of rebuilding the bridges at once, as they are badly needed. The new issue will retire about \$44,000 outstanding warrants and leave about \$56,000 for the new work. TWO DISASTROUS WRECKS ON TEXAS RAILROADS

Santa Fe and Texas & Pacific Railways Have Wreckage and Death at Longview and Marshall; Cars Are Burned After the Crash Comes and Relief Is Sent to Dead and Dying Passengers.

(By Associated Press.)
Marshall, Nov. 10.—Two men were killed and several injured in two wrecks in which Texas & Pacific Passenger trains No. 23 and No. 3 figured, division headquarters of the road reported here today wrecks at St. Delphine just east of Addis, Louisiana, near Longview, Texas. Smith's body was found under the wreckage. He was fireman for his father, John J. Smith, who escaped injury. Smith and father were both in cab of freight engine and both live at Longview. ROTARY CLUBS ORIGINATE TEXAS PAGEANT

It will be a matter of interest to the readers of the Eagle to know that the splendid pageant being locally presented this afternoon by our city schools, in celebration of the early history of Texas, owes its origin to the president of the Rotary Club of McAllen, Texas, and that the production of the pageant in hundreds of communities throughout the state today is being fostered by the Rotary clubs of Texas. In further explanation of the movement we quote a paragraph from the booklet outlining the pageant:

"The Rotary Clubs of Texas, out of a patriotic desire to see the hundredth anniversary of the founding of the first Anglo-Saxon colony in Texas properly celebrated, initiated the movement to have an historical pageant of Texas presented in every community on the 10th day of November, 1921, has caused this booklet to be issued. Further than a desire to increase and foster an appreciation of Texas and her stalwart heroes to the end that the state may have a more intelligent and patriotic citizenship, Rotary has no motive. We now submit these suggestions to the various communities of the state with the hope that they may prove helpful in the organization and execution of a pageant of Texas History worthy of the great state and creditable to the community engaging in this patriotic celebration. The Rotary Clubs will feel fully repaid for the money spent and the labor necessary to issue this booklet if there is a generous response in staging this pageant."

Another interesting thing about this pageant is the fact that the Allen Academy campus, where it is being enacted, is a part of the very ground granted to Stephen F. Austin for the settlement of his colony in the early days of Texas history.

A SUCCESSFUL COON HUNT IN AUTOMOBILE

While going to Brenham on Wednesday evening to attend the Knights of Pythias meeting and banquet a party of young men gave chase along the roadway in Washington county to a ring-tailed coon that leaped out of the timber into the road. As the coon scampered up the road Tom Suber sped up and gave chase. The race was fast and furious for awhile when Mr. Coon saw the Ford gaining on him and took to a tree. The party, Tom Suber, J. M. Bullock, Guy F. Boyett, C. B. Jones and R. C. Franks, killed the coon and took him over to Brenham and had him on exhibition at the K. of P. Hall. This is some coon hunt and can't be beaten—in a Ford.

Mrs. D. B. Cofer, Mrs. W. B. Bizzell, Mrs. Jack Davis, Mrs. B. Youngblood, Mrs. J. H. Kraft of College, were among the visitors in Bryan today.

MRS. NAGLE TALKS TO ALLEN ACADEMY BOYS

At the Wednesday morning chapel exercises of the Academy, Mrs. Nagle of the Woman's club delivered the second of the Better English Week addresses to which the Allen boys are listening with profit and pleasure. Her subject, to which, in her splendid digressions, she by no means confined herself, was, "Good English as a Social Asset." Mrs. Nagle began her talk with the cheerful reminder that we do not learn, in the school room, how to speak well, but learn, if at all, by the effort to engage in the serious but delightful—and fast vanishing—art of conversation. In spite of the "laconicizing" effects upon speech of the telephone and telegraph, and in spite of the vanishing from modern life of the home (where good English used to be learned) Mrs. Nagle believes that the earnest boy who corners a cultured friend and demands "his conversation or his life" may still learn, by dint of hard practice, the art of pleasant and easy correct speech. This does not mean noisy and conceited monolog (which bears to good speech the relation of a "jazz band to the Boston symphony orchestra") but a courteous give and take of adequately-clad ideas. Nor need one surrender his inalienable right to his indigenous slang; he should, however, use it with a consciousness of its second-hand nature, always preferring, when it is apter, an original phrase.

With two cautions Mrs. Nagle closed her fine and practical talk: a warning against the lazy use of approximations in speech (the "just as good" synonyms) and the advice that one acquire, as labor-saving devices in speech, whatever technical words may be of service to us.

Several visitors, among them members of Woman's Club, heard Mrs. Nagle's talk, equally profiting by it and enjoying it with the Academy boys. It is hoped at the Academy that the next talk, "Good English for Good Americans," to be given Thursday morning by Major Ike Ashburn of the A. & M. College, will be heard by an even larger number of visitors.

WORLD'S GREATEST TRIBUTE TO SOLDIERS

(By Associated Press.)
Washington, Nov. 10.—Great and small folk moved in an endless procession today through the rotunda to pay tribute to the unknown dead lying in state there. As only martyred presidents have known. The day set aside for it and all who could speak for groups in this land or for the powers of the world were free to place floral offerings on bier. Nothing like it was ever before known and the ceremonies at Arlington tomorrow will be the most inspiring of all history.

Mrs. Columbus Seale is entertaining the Young Ladies' Bridge Club this afternoon at her beautiful country home near Benchley.

The Texas Aggies came back from Waco with the Bear scalp dangling at their belt Saturday night. Now the Texas Longhorns are the next victims for Thanksgiving day. And that victory will end the 1921 football controversy.

"Mexia Wildcats Near Final Stage," is newspaper headline. There are not regular wild chawing wildcats but hoes in the ground that will make or break somebody up around Mexia where a jitney driver rented his car for a hotel and received \$36 for it after midnight the other night.

The Bryan Daily Eagle carried ten columns of live local news to rBryan, College and Brazos county on Friday. The Eagle is the greatest booster for its town of any paper its size in Texas and carries more real news than any of the smaller daily newspapers.—Thorndale Champion.

With oil operators all around Brazos County, in Milam, Limestone, Freestone, Robertson and Grimes the Two Rivers Oil Company of Bryan is buying itself with the preliminaries to bring in a great field in this county. All indications are pointing that way.

The Paradox, published at Pittsburg, Texas, by Editor J. T. Webster, is pretty long on fine reading matter but very short on advertising. The Eagle trusts that Editor Webster will stem the tide until Alberta peaches come back. We hope Editor Webster will gather enough peaches to enable him to keep the Paradox going.

County Superintendent Eck Smith, Prof. E. R. Alexander and other educational workers in Brazos County have agreed to continue the Educational Campaign in Brazos County since the great success of the Rally Day in Bryan was demonstrated last Friday. This is a great move and is worthy of success in every way. A people without education are not a really successful people.

The newspapers of Texas are expressing appreciation to Director B. Youngblood of the Texas Experiment Station for his kind words for them on "Home Newspaper Week." The smaller newspapers in Texas have a great friend in Director Youngblood and his able assistant, A. D. Jackson, and they will not be forgotten as the years go by.

The Texas Commonwealth, edited by Ex-Congressman Jeff. McLenore has been moved from San Antonio to Laredo and will take on the "spirit" of an international publication with Sam W. Brown of the Laredo National Bank and Ed Cluck of the Milano National Bank down in Laredo, Jeff. McLenore ought to be able to finance the Commonwealth at least until the Laredo onion crop comes in next year.

Now that the railroad strikes are over and peace seems to reign again on the railroads and all hope that business will be proceeded orderly and efficiently. The country certainly needs it. As soon as the coal miners go back to work perhaps times will be better as there will not be so many idle men for the workers to feed and clothe. Every man who works must support the man who does not work and it makes a pretty hard deal sometime and stifles the prosperity of the country. The United States needs about 2,000,000 new homes.

 4. Education for Citizenship—Section Leader—Mr. John M. Moore.
 5. Education for Use of Leisure—Section Leader—Mr. John A. Moore.
- Many floats decorated and bearing banners appeared in the parade the leaders were the Tabor Community Welfare Club under the direction of Walter Armstrong, Steep Hollow, Kurten, Reliance, Harvey, Millican, A. & M. Consolidated school and other schools. The parade represented public health, agriculture, home affairs, citizenship and patriotism. The A. & M. College had a number of floats in the parade, showing good hogs, cattle and agricultural products. The teachers of Brazos county under the direction of Dr. Garnett, Mr. Alexander, County Superintendent Smith, Chairman John A. Moore, George L. Dickey, had the children formed in phalanx which made inspiring part of the parade. The children were grouped as to size and formed across the center of the street.

Patriotism was one of the ruling features of the educational campaign for the past week which was carried on under the active direction of Superintendent Smith, Mr. Alexander, Dr. Garnett and others. They were backed by the County Board of Education, the A. & M. College and a number of citizens of Brazos county. The parade was to show the educational situation in Brazos county and the Eagle congratulates the workers on the wonderful success attained and the inspiration it will bring to the children. A full account of the prizes awarded and the success in all departments will appear in the Eagle tomorrow. The poultry section was in charge of T. J. Conway of A. & M. College and was highly complimented along the route as viewed by fully 5,000 people.

EDUCATIONAL RALLY.

The final Educational Rally is now in progress at the Brazos county court house and a vast assemblage is present endorsing the movement for better homes, better schools, better roads and better things for our great county from an agricultural and educational standpoint. County Chairman John A. Moore, Jr., of the Brazos County Board is presiding and an address is being made by Judge W. C. Davis, one of the foremost exponents of education in Texas. Judge Davis was formerly interested in educational work before entering the law. Indeed Friday, November 4, was a red-letter day in the history of Brazos county. TWO 100 PER CENT SCHOOLS.

Prizes were awarded to Woodville and Tabor schools for 100 per cent attendance today. The Woodville school is taught by Mrs. P. A. Tardy of Bryan. Full announcements will be made in the Eagle as soon as they can be compiled.

Better Hogs for Brazos County.

The hog float that was in the Educational Parade Friday, November 4, presented some interesting facts relative to the feeding and breeding of hogs. This float carried four exhibits, one a fine broad sow; another two pigs bred right, but fed wrong, and the fourth two pigs fed right and bred right. The four pigs of the same age and breeding weighed 220 pounds each for those fed right and 22 pounds each for those fed wrong. The 220-pound

pigs were fed milo, chops, tankage, shorts, and green stuff. The 22 pound pigs were fed milo chops alone. Those four pigs were all farrowed in early March, and of equal breeding. The two fed right but bred wrong were one month younger than the others. They were short, hungry and off type. They weighed 40 pounds each. Feed cannot make a good hog out of a poorly bred one. Nor can good breeding offset poor feeding.

Finance Committee Grateful.

The committee having in charge the financing of the Educational Rally parade given by the rural schools of the county in Bryan on Friday, November 4th, wish to express appreciation of the hearty and substantial support given the movement by the merchants and other public citizens of this city. The fact that a moving picture film was made of the parade on that day, as was promised all those who contributed to the financial call for assistance to make the effort possible, is not all. Only 400 feet of the film was made, including the parade, the crowd, some special features and other interesting advertising ideas, which will be incorporated in the finished picture. This will also be incorporated, some of the prize clubs of the boys and girls of the county, some of their prize winning live stock, and other farm products, picturesque scenes from many of the rural church and school communities, all going to emphasize the benefits of education. When this film is completed, it will portray, in the form of a continuous story, the progress of educational work in Brazos county and will be used all over Texas, in the rural educational work. The benefits to be derived from such an extensive program is evident and the value of such advertising will be returned many fold.

Red Cross Health Float.

Such favorable comment has been accorded the Red Cross Health float which appeared in the Educational Rally parade in Bryan on Friday, November 4th, that the idea will be used in a playlette, to be staged under the direction of the Red Cross health department in this city in the near future. The float, decorated in white, with the Red Cross as the only emblem, portrayed the germs which endanger the life of the growing child. Seated on an elevated throne in the center of the float, was Betsy Searcy, the beautiful little daughter of Dr. and Mrs. Searcy of this city, impersonating a perfect an unhealthy child. Around here were eight little tots each dressed to represent one of the following germ horrors: malaria, typhoid, diphtheria, hook worm, pellagra, had colds, tuberculosis and malnutrition. These ugly germs were impersonated on costume by the following beautiful children: Anna Dean Held, Katherine Felker, Janice Claire Kennedy, Louise Bentley, Frances James, Mary Martha Black, Sue Wright, Mildred McKenzie. In the rear of the float sat Miss Mildred Newton in the uniform of a public health nurse, and a sick child, impersonated by Louise Sholl, near her, holding the banner "The Public Health Nurse came to me in time, and I will be in school Monday." So much of the vital health program of the Red Cross is portrayed in this idea, that the chapter workers have been asked to give further emphasis to the thought in the form of a playlette, and has promised to do so in the near future.

BRAZOS COUNTY RURAL SCHOOL MASS-MEETING

At 2 o'clock Friday a mass meeting was held in the district court room, Prof. Martin L. Hayes presiding. After an introductory speech by Professor Martin L. Hayes, stating the purpose of the meeting, Judge W. C. Davis made an excellent address, stressing the importance and value of education.

The meeting was then thrown open for general discussion. Prof. Hayes stated that the purpose of the meeting was to formulate a plan or an organization through which the work of the committee might be crystallized into a permanent system of education. The following made speeches in favor of better schools for Brazos county: J. D. Battle trustee of Millican school, Miss Mary Locke of the Tabor Welfare club, Mrs. W. S. Howell, chairman of committee on rural education, County Superintendent Eck Smith, Dr. John A. Held, pastor First Baptist church, Prof. P. S. Mangum of the Edge High school, Prof. E. R. Alexander, teacher of vocational agriculture in group B, stated that he intended to get interesting pictures from different communities of the county and have them put in the movie that was made of the parade on Friday. Mr. I. M. Cook, trustee of Steep Hollow school, made a very practical speech.

On motion and second, a committee on committees was appointed to select additional members to the present Rural Educational committee for the program of continuing the campaign for better rural schools in Brazos county under direction of County Superintendent Eck Smith, E. R. Alexander and others.

READING CLUB MAKES GIFT BRYAN SCHOOLS

Too much praise cannot be given the Reading Club for the splendid service they are rendering in promoting music in the grades of the Bryan schools. Last spring this club presented to the grades of the Eastside school a Columbia talking machine and last week they presented a like gift to the grades of the Westside school. With these machines also came some Red Seal records. In the future the records are to be furnished by the Parent Teachers' Association and will be exchanged between the two schools, so each may have the advantage of having all the records. These machines are used in the development of the musical education of the students and are very helpful to the teachers in teaching this art and making good music familiar music. The Reading Club has often before proven its value to Bryan and the community by its unselfish service rendered. Bryan is proud of this club and of what they have already accomplished and bespeak for them success in all their undertakings. The officers of the club are: Miss Lucy Harrison, president; Mrs. G. C. White, vice president; Mrs. Travis B. Bryan, secretary; Miss Nina Henry, treasurer; Miss Margaret Zuber, parliamentarian; Miss Alice Burtis, critic and Miss Lila Wickes, reporter.

EXTENSION SERVICE MONTHLY MEETING

The Extension Service of the A. & M. College held the regular monthly meeting Monday in the Extension Service building and at noon the usual luncheon and program was given in the club hall under the leadership of C. M. Evans. The feature of the program was a history of A. & M. College by Prof. Robert Smith, who related interesting incidents touching the life of the College since that remote period when only eight teachers were employed and the students were appointed from the various districts and educated at the expense of the state.

He was followed by Walton Peteet, secretary of the Texas Farm Bureau, who was formerly president of the board of directors and had close contact with the growth and development of the college. A slight diversion in the usual program was caused when J. E. Stanford, made an interesting talk welcoming the brides of two of the specialists into the Extension Service family and deploring the fact that while the bride and groom were present in one case that the present ordered by the employees of the service had failed to arrive, whereas the present for the other couple had come on time but that the couple had failed to make an appearance, being still engaged in an extended honeymoon. The newlyweds are Mr. and Mrs. R. R. Lancaster and Mr. and Mrs. F. W. Karmelner, and a large part of the program was devoted to a cordial welcome extended in behalf of the Extension Service forces. A number of visitors were present and these were introduced by their hosts and were welcomed to the luncheon and monthly program. Miss Lela Ewing was appointed leader for the next monthly program.

BOYS AND GIRLS CLUB DEPT.

Club Notes and Farm News by County Agent C. L. Beason

It is estimated that 5000 members and friends of the American Farm Bureau Federation will attend the second national convention in Atlanta, Ga., November 22. In addition to going over the year's work and making an accounting to the membership the following matters will also receive consideration: Commodity financing based on bonded warehouse receipts that will make unnecessary the expense of loans from local loan companies and banks; livestock financing that will properly develop the cattle, hog, sheep, and dairy industry of the nation; a personal rural credit system that will afford the farmer money as cheaply as railroads and other great enterprises are able to secure it; authority for the Federal Reserve Board to classify rediscounts as to give priority to basic production of all lands; prohibition of tax free securities; reduction of freight rates and the prevention of harmful combinations of rail lines; the building of good roads into the rural districts; and laws removing all doubt as to the reality of co-operative marketing of farm crops.

Among the floats attracting attention on Rural School Rally Day, November 4, perhaps none caused more serious consideration than that prepared by the Animal Husbandry Department of the A. and M. College. On this float were two groups of hogs of the same age, eight months. The hogs in the group which had been properly fed would weigh 400 to 400 pounds each, while those in the other group which had been fed on an unbalanced ration of milo chops alone weighed only 22 pounds each, and, as might easily be seen, were starving to death. No wonder some meat costs the producer so much to reduce it. However, he ought to know by now.

Some years ago the Chamber of Commerce in Memphis, Tennessee, decided that they could help their town and county by stopping the great exodus of money to St. Louis and Kansas City for meat and meat products. They joined the county agent in a campaign among the farmers to produce their own meat at home, thereby saving for all concerned millions of dollars. A casual survey in many Texas counties would reveal leaks which, if stopped, would mean millions in cash where an impoverishing credit system now prevails. If the house is on fire some, though seeing the blaze, would stay away, unless the owner "hollered" for help.

At a recent conference with Brazos County farmers a matter of vital interest to all the community was being considered. When asked how the project could be put over, one prominent farmer spoke up and said: "We need an organization." Truly, he sounded the keynote. The success of any business or enterprise is directly proportional to the organization behind it. Look where every you may, go where ever you will, this fact will always be true—the organization is the motive power of the business or enterprise. A dead motor renders your car useless. A snappy motor makes the hill climbing easy.

J. J. Riley, a prosperous farmer in the Reliance community, says that much of the mast has been damaged by worms and the drouth. However, Mr. Riley's registered Poland Chinas are fat and fine from the peanut fields which is his custom to prepare each year. A peanut field is a splendid self-feeder, and it is better on the land than to pull the vines.

Weekly News Letter, United States Department of Agriculture, Nov. 2, quotes Secretary Henry C. Wallace as follows: "The agricultural outlook for 1922 is favorable. We should see marked improvement over conditions as they existed this year. Time will be required for full recovery, but we have reached the bottom and are on the upgrade. The most important things farmers should work for are the perfection of their co-operative selling organizations with a view to putting the market of farm products on a safe basis."

The following letter is indicative of the quality of boys and girls who become interested in club work:

College, Station, Nov. 3. County Agent C. L. Beason.

My dear Mr. Beason: I want to thank you for sending the three splendid girls you did to the encampment. I hope that they enjoyed it and reached home safely. My only regret about the camp is that I did not get to know the girls individually. I hope in another year Brazos County will have a bigger delegation. Thanking you for your interest, I am, yours sincerely, M. HELEN HIGGINS, Assistant State Home Demonstration Agent.

Thank you, Miss Higgins, for this kind work about our club girls, Hettie Francis, Eloise Smith, and Emma Gandy, who attended the encampment at Dallas fair. Such is the membership of the boys and girls who belong to the club in Brazos County.

In speaking to the county agent a few days ago, one good lady said: "I would not take a thousand dollars for my daughter's having attended the encampment at the State fair. I shall not be afraid to let her go again."

Certainly not. Girls attending the encampment are in safe hands, and the training they receive and the education they acquire are priceless heritage coming to the fortunate club members of Texas.

Paul Boriski, club member of the College Consolidated School, says he is ready for another stock judging contest. While the Maryland boys outstripped him at the Atlanta contest, Paul shows the true Texas spirit of never being whipped. Your many friends, Paul, wish for you a clear track and a winning race. Tenacity of purpose combined with the resources which he at your door will enable you to win. Get busy!

Mr. E. R. Alexander, vocational teacher for Leonard, Steep Hollow, and Smetana, states that the boys Shorthorn club in Brazos County will be called upon to add a section to the moving picture which was started here in the rural school rally last Friday. Boys, get your heifers and calves in tip top shape and be ready to help make this great Brazos County picture.

C. R. L. Jones, prosperous farmer in Harvey community, reports loss of cattle, supposedly from blackleg, and asks that county agent come and show him how to administer treatment.

WEEDEN-CARGILL MARRIAGE.

At the home of Rev. J. M. Bullock in Bryan on Sunday after noon at 6 o'clock Mr. Milton Weeden and Miss Ruby Cargill, two popular young people of Harvey, were united in the holy bonds of matrimony. The Eagle wishes for them all joy and happiness through future life.

CHARLIE ROFINO WAS ARRESTED BY OFFICERS

Deputy Sheriff T. H. Wheelless states that John Nicols, a restaurant proprietor on Main street, had his trousers with about \$500 and a gold watch stolen from his home and threw his trousers across a chair near the window. The intruder cut the screen, raised the window and grabbed the trousers and made his get-away. Mr. Nicols did not miss them until this morning. After a search by officers Deputy Sheriff T. H. Wheelless and Chief of Police W. S. Martin, the trousers were found near the Parker gin with a pocket book that had been overlooked with the \$250. Chief Martin has arrested Charlie Refino in connection with the robbery and he is now in the county jail.

CHIEF MARTIN GETS \$150 FOR JOHN NICOLS

Chief W. S. Martin took into custody Angel Rajah, aged about 16 years, on a charge of robbery in connection with the John Nicols affair. While asleep Nicols lost several hundred dollars taken from his trouser pockets. Chief Martin secured \$150 more since the arrest of Rajah which has been turned over to Nicols.

BRAZOS COUNTY S. S. CONVENTION MEETING

The quarterly meeting of the Brazos County Sunday School convention was held on Sunday, November 6th, with the Reliance church in the northern part of the county with a fine attendance. Rev. J. J. Tatum, president of the convention, presided, and a program of excellent talks and music was enjoyed at both the morning and afternoon sessions. Delegates from the various Sunday schools over Brazos county are appointed to attend these conventions, and discuss the needs of the individual schools, and hear suggestions and opinions from each other to be used in the betterment and up-lift of Sunday school work. All Sunday school superintendents and teachers, who fail to be present at these county conventions, miss much that would be most helpful to them, not only in spiritual uplift and fellowship but also points of method and organization for their respective Sunday schools.

The meeting at Reliance was the best yet enjoyed by the convention, as it brought together in a great way, those deeply interested in Sunday school work, and the day was spent in a helpful discussion of those vital principles which mean so much to the success of Sunday school. A vote of thanks was tendered the Reliance community for the splendid hospitality extended the convention.

The morning session was called promptly at 10 o'clock, and after a fine song service, conducted by N. F. Outlaw of the Reliance church, and a few opening remarks by the president, Hon. Oak McKenzie of Bryan spoke on "The Relation of the Home to the Sunday School." At 11 o'clock Rev. R. L. Brown, student pastor at A. & M. College, brought a deep spiritual message to the congregation, his sermon being a masterpiece of eloquence and spiritual power.

At the noon hour a dinner of delicious good things to eat, served in abundance, was enjoyed under the big oak trees near the church and an hour of social visiting followed.

At 2 o'clock the convention was again called to order Prof. R. O. Allen of Allen Academy, Bryan, spoke in a most entertaining way on "The Social Life of the Sunday School," after which Mrs. Albert Buchanan spoke on the subject "The Development for Christian Service in the Sunday School."

The business of the convention was then closed, with election of officers for the ensuing year as follows: Oak McKenzie, president; I. M. Cook, vice president; Miss Maggie Easters, secretary-treasurer. Program committee: J. J. McDonald, Rev. R. L. Brown and Mrs. Albert Buchanan. By invitation, the Brazos County Sunday School convention will hold its next regular meeting with the church at Steep Hollow, on the first Sunday in April, 1922.

Sheriff and Mrs. L. E. Morehead and son Melton went to Palestine today on a few days' visit. Sheriff Morehead turned his keys over to Deputy H. T. Wheelless during his absence, who will have charge of the county bastille and look after things in general.

MAKE AUTO TRIP FROM BRYAN TO OHIO

(To the Bryan-Eagle).—Route 6, Bryan, November 9.—Mr. and Mrs. C. D. Lowry left the home of F. A. Lowry, Route 6, Bryan, Texas, July 5th, contrary to the advice of many friends who doubted that they would ever be able to reach their destination in their Ford car and advised Mr. Lowry to sell his car and go by train. Mr. C. D. Lowry is well known in Bryan, having worked at the electric light plant, and Mrs. C. D. Lowry (nee Ellen Bond) was born and raised in the Prospect Community, Brazos County, the youngest daughter of the late and well known old time citizens, Mr. and Mrs. Monroe Bond, and has many relatives and friends in Brazos County. There was a third party on the journey which the Bloomville Gazette failed to mention, Buster, Mr. Lowry's famous bulldog, who had some friends in Bryan, but more enemies. If it had not been for Buster Mr. C. D. Lowry would have sold the car and taken the train. F. A. LOWRY.

METHODIST CHURCH SAYS BOOTLEGGERS ARE MURDERERS

Washington, Nov. 5.—Prohibition officers in the opinion of the Board of Temperance Committee on prohibition and public moral of the Methodist Episcopal Church, should be instructed to remember the wives and children of the people of the United States when their lives are placed in danger by bootleggers and moonshiners. "Crises of bereft children of faithful prohibition officers rise to heaven" the board said in a statement today amplifying previous statements. "Nothing less than murderous to expect prohibition officers to await arrest of bootleggers with guns in their hands. When the bootlegger draws a gun he should be fired upon quickly."

MISS STOLTZFUS COMES TO BRAZOS COUNTY

Brazos county was very fortunate in having Miss Amanda Stoltzfus from the Extension department of Texas University. We were able to have her in four different schools during her stay with us. Miss Stoltzfus stressed very forcibly the importance of recreational education. She showed that without the pleasure side to school work that there were few inducements to cause the child to continue in school. Miss Stoltzfus also appealed to the school authorities of Brazos county to make it possible for these games and plays to become a part of the school system of the county. We are expecting to have Miss Stoltzfus to spend two weeks in the schools of this county real soon. We also are expecting Mr. Henderson from the University Extension Department to put on a campaign for a greater interest in athletics for the county and announcement will be made. ECK SMITH, Co. Supt.

REPORT OF LOWRY TRIP. (Bloomville (O) Gazette)

Mr. and Mrs. C. D. Lowry arrived in Bloomville, Friday afternoon, thus bringing to a close a long automobile trip covering over 1800 miles. Mr. Lowry who had been making his home in Texas for a number of years past was called to Bloomville last winter on account of the serious illness of his father, W. S. Lowry. After the death of the father he returned to Texas with the intention of again returning with his wife to Bloomville where they expect to make their permanent home. They left Brazos County, Texas, by automobile on July 5, driving to Oklahoma City where Mr. Lowry was employed by The Oklahoma Electric & Gas Co. until about three weeks ago, when arrangements were made to complete the trip to Bloomville. The distance from Oklahoma City to Bloomville is 1,375 miles. This distance was covered by Mr. and Mrs. Lowry in twelve and one-half days. The couple camped along the road the entire route from Texas even using their Ford car as their home while in Oklahoma City. They had not slept in a house any night since leaving Texas. They state they enjoyed the trip immensely, even the cooler nights at the latter end of the trip proved of no inconvenience. They experienced the first frost at Waverly, Mo., on October 7. Mr. Lowry states that the southern section of the country cater to tourists far more than the north. In many towns camping grounds, electrically lighted and otherwise improved, are provided free of charge to auto travelers and on some of these grounds many cars are camped every night. Such grounds are not to be found in any section of the north.

COTTON MARKET BROKE 100 POINTS

The U. S. Government report of cotton ginned to Nov. 1, 1921, was 6,664,136 bales, pointing to a crop of about 7,250,000 bales, demoralized the cotton market. Speculative shorts still selling; big trade buying, recovery expected.

OFFICERS TO BLAME FOR LORENA FIGHT

Waco, Texas, Nov. 7.—Convened in special session here on Oct. 12, to investigate the affair at Lorena, on the night of Oct. 1, when Sheriff Bob Buchanan interrupted a parade of masked men, as a result of which ten men were injured, the McLennan county grand jury formally adjourned at noon Saturday, after having examined, altogether, nearly 150 witnesses. One of the men wounded during the disturbance at Lorena, Louis Crow, prominent Waco, business man, died four days after the occurrence. Sheriff Buchanan, who was shot twice, was removed from the sanitarium to his home four days ago. No indictments were returned by the grand jury as to the Lorena occurrence. The report of the grand jury, formally presented today at noon in the Fifty-fourth district court to Judge R. I. Munroe, follows:

Report of Grand Jury. "We, the undersigned members of the McLennan county grand jury, impaneled in the September term of your court, respectfully submit herewith the following report:

"For a number of weeks we have been engaged in a thorough investigation of the tragedy enacted in Lorena on the night of Oct. 1, wherein a number of McLennan county citizens were seriously injured in a clash between certain citizens of that community and the sheriff of this county.

"A careful review of the facts in this case has revealed that a Ku Klux Klan parade was to be had in Lorena on the night of Oct. 1, advance notice of which had been given to the public, and that the Lorena citizens were desirous of seeing the parade, believing that good results would accrue to their community therefrom.

"The sheriff of the county being apprised of contemplated parade, accompanied by two deputies went to Lorena in the late afternoon of Oct. 1 with the avowed purpose of stopping the parade. Upon arriving there he was met by many of the most substantial citizens of that community, to whom he announced his purpose. They, as well as many other influential and respected citizens of other parts of McLennan County, urged that he would not interfere with the parade, stating to him that many hundreds of people were there to witness it and that no disturbances had accompanied similar parades elsewhere that foreboded trouble of any nature upon that occasion.

"The evidence before us has shown that scores of substantial citizens of Lorena agreed to assume personal responsibility for all unlawful acts and disturbances of the Klan all of which assurances the Sheriff refused to accept. The evidence further shows that he stated repeatedly to the crowds in the presence of credible witnesses that if the parade should attempt to come through, it would have to pass over his dead body. The Sheriff was repeatedly urged by his friends to proceed to the place where the parade was forming and disperse it there, if he would not permit it to pass unmolested, and thus not endanger the lives of the hundreds of innocent bystanders. This he refused to do, and the sad tale of life and physical suffering occasioned by that refusal is already known to the people throughout the county.

"This grand jury has not returned a bill of indictment in this investigation, believing that the best interests of society at large will thus be served. However, we do desire to go on record as severely condemning the methods employed by Sheriff Buchanan and Deputy Sheriff Burton in the discharge of what they conceived to be their duty. A preponderance of the evidence that has been introduced before us convinces us that they grossly violated every law of humanity in their acts upon that occasion, and that they have conclusively proved themselves to be temperamentally unfit for the high offices they occupy.

"This grand jury does not presume to record itself as a defender of the Knights of the Ku Klux Klan, and our sole purpose in submitting this formal report of our findings is that the public may be apprised of the conclusions to which our investigation has led us."

Signed by J. R. Cuff, foreman; C. B. Schuler, S. H. Burrows, J. D. Naler, T. B. Phillips, M. C. Christian, J. L. Hurst, Percy Willis, William H. Miller and Earl B. Smythe.

CHRISTIAN ENDEAVOR CONVENTION CLOSSES

The Sunday night service closed the Houston District Christian Endeavor convention, which has been in session since Friday at the First Presbyterian church. The service was a fitting climax for the splendid meeting and was one where the young people were called on to make a decision for their life's work and at the close some eight or ten pledged themselves to christian service. A great crowd filled the church and many were turned away. The A. & M. College orchestra under the leadership of Rev. W. H. Matthews furnished some splendid music as did the choir. Little Miss Janice Claire Kennedy rendered a violin solo and Miss Willie Collard sang a solo, Rev. C. N. Calmes, pastor of the First Christian church, made a wonderful appeal on the "Golden Rule Applied to the Life of Today." at the regular meeting of the Christian Endeavor and the principle address was made by Rev. J. J. Tatum making an appeal for consecration. The Sunday afternoon meeting was in charge of the Juniors and they gave a demonstration of a model meeting. Rev. C. B. Thompson, pastor of the Free Baptist church, made a splendid talk on "Christian Endeavor in the Church, Home, Community and the World."

COAL STRIKES MAKE CORN CHEAP FUEL

Washington, Nov. 9.—Corn at 32c a bushel is equal in value to coal at \$16 a ton, Secretary Wallace said today commenting on reports that some farmers were burning corn for fuel. At 20c a bushel, he said, corn would be equivalent to fuel coal at \$10 a ton.

"In districts where corn is very cheap now, the coal is of a rather poor grade and is selling at high prices," he continued. "Under such conditions it will pay both farmers and people in country towns to use corn instead of coal. Undoubtedly large quantities of corn will be burned on Western farms this winter unless the prices should so materially advance on account of so many strikes and the city bread lines."

BRYAN HI WILL NAME CONROE AS NEXT VICTIM

The Bryan High tornado will journey to Conroe next Friday where they meet the undefeated team of that city for the championship of Section No. 9, according to the Interscholastic League. After next Saturday there will be twelve section champions, who will be matched against each other as directed by the Interscholastic League. The Bryan team is expecting a hard fought game next Friday, as this game means everything to both teams. Conroe has a heavy fast team and they have won every game this season, and they will no doubt put up the fight of their lives to keep from losing on their own home lot next Friday.

Terms have been agreed on for a game between Bryan High and Waco, and this game will undoubtedly be played ere the present season ends. Waco, for reasons of her own does not care to become a member of the Interscholastic League of which Bryan High is a member. Waco wishes to play on November 18th but this is impossible for the local team to do on account of the intersectional games in the League begin at this time. Bryan always wanted to play the game on November 4th, at which time they could have easily played Waco on account of not being able to get games within our section, but Waco would never agree upon the terms. However, all may be assured that this game will undoubtedly be played in the near future, provided of course that Bryan High defeats Conroe next Friday in Conroe.

A. M. E. CONFERENCE IN SESSION IN BRYAN FOR ANNUAL REPORTS

(By Chas. Stuart.) In calling to order the 55th annual session of the Texas African Methodist Episcopal conference this morning in Allen Chapel A. M. E. church, Bishop William Decker Johnson, of Georgia, told the colored people that they would have to work and not spend time in idle complaining which would never accomplish anything. He declared that the world was full of opportunities for all, and especially Texas, an dthe man who failed to make it, the fault was in the man and not in the state.

"The negro must win his way to civilization as other races have done," said Bishop Johnson, "and he must realize that civilization is not a garment to be purchased at some department or ten cent store and worn off on first fitting, but it represents years of preparation and work. You must not sit down and depend on others to do for you what you should do for yourself. You must stop complaining about white people or any other people who are succeeding and follow their example of industry and thrift, for this will win."

The conference which opened this morning and will continue in session until Sunday evening has brought to Bryan some of the most noted men and women of the colored race. The Rev. Dr. B. T. Reese, presiding elder over this district, lined the opening hymn, "And Are We Yet Alive?" and the opening prayer was made by Rev. G. R. Pearson; scripture lesson was read by Rev. J. R. M. Lee, and the second hymn was lined by Dr. F. F. Washington; dialogue by Dr. P. C. Hunt, and the opening sermon by Rev. H. A. Carr, D. D., which was followed by Holy Communion, administered by Bishop Johnson, who was assisted by the presiding elders.

A number of committee were appointed by the Bishop and among the visitors introduced were Revs. S. D. Butler, S. J. Johnson, J. B. Butler, H. C. Brisby, H. P. Evans, J. H. Lynn, W. H. Durden and Chas. Stewart. The morning session was spent in hearing reports from pastors.

The conference is held in the new church which has been erected under the administration of the Rev. A. J. Smith, who during his stay in the city has made many friends among the white people as well as his own people. He has been conservative and honest in his dealings, and they are asking for his return another year.

The church and colored citizens gave a reception to Bishop Johnson, and the ministers last night, at the conclusion of which a banquet was served. Addresses of welcome were delivered by C. S. Shelton representing the church, response by Prof. W. T. Swanson, Prof. John A. Moore, representing the white citizens, response by Rev. I. D. Coffee; Prof. E. A. Kemp, representing the colored public schools; Col. R. B. Goosby and Dr. E. A. Thompson. Music was rendered by the choir of Allen chapel, solo by Zenobia Thompson, Elma Ellis, Mrs. E. A. Thompson and the Baptist extended welcome through D. L. Meator.

Bishop Johnson, being absent, he was represented by Charles Stewart of Chicago, Ill., general missionary of the National Baptist convention. He delivered a practical address. Dr. G. B. Young of Houston will preach tonight.

Oklahoma Business Man Says Tanlac Restored Him A Year Ago—Still Feels Fine.

"I endorse Tanlac from the bottom of my heart, for it set me right a year ago and I have enjoyed the best of health ever since," said Claude E. Anderson, 200 Garfield St., Sand Springs, Oklahoma. Mr. Anderson is a member of the firm of Anderson and Day, and his standing and influence are too well-known to require further comment.

"I hadn't been in good health," he went on, "for some two years and was so run-down generally I could hardly take care of my business. What little I ate did me more harm than good and I felt tired out from morning till night. I was nervous and restless and my whole system seemed to be out of order. I didn't know what it was to feel good, and I was worried over where it would all lead to."

"I saw Tanlac so highly recommended that I made up my mind to try it, and nothing ever surprised me more than the way I picked right up. Three bottles simply put me to feeling like I had been wanting to feel, and to this day I have been in as good health as I ever was in my life. Tanlac certainly proved its worth in my case and there is no question about its being a great medicine." Tanlac is sold in Bryan by A. W. Stewart and all leading druggists. (Adv.)

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried everything I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her."

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments. If you suffer as these women did, take Cardui. It may help you, too. At all druggists. —E 85
